RE: U.S. EPA Indian Environmental General Assistance Program
GA99T09001-1
Application Due: MAY 04 2015

Dear Chairperson Nelson:

I am pleased to inform you that your proposal submitted to this office under the U.S. Environmental Protection Agency's Indian Environmental General Assistance Program (GAP) has been tentatively approved for funding. At this time, I am setting aside \$132,600 of funding to support your GAP for one year, which includes the requested salary increase.

We have not received the Tribe's first quarter report and all associated deliverables from the current grant year. Moreover, the Tribe has not submitted the fourth quarter report from fiscal year 2013-2014. These reports are due 30 days after the end of each quarter. Timely submission of quarterly reports and deliverables are part of the programmatic terms and conditions of your GAP grant. **An award for FY 2016 cannot be made if the Tribe's reporting is not brought current by the above application due date. Continued failure to submit these reports may result in a delay, reduction, or denial of the Tribe's FY 2016 award.**

Work plan submission, negotiation, and approval will be conducted electronically in GAP Online. The comments attached here for your reference are also available in GAP Online. If we receive your complete application and an **approvable** revised work plan by the due date we will make every effort to award the grant by September 30, 2015. This funding will support work plan activities **from October 1, 2015 to September 30, 2016**. However, once the EPA Award Official has formally approved the work plan for these new funds, the Tribe may begin to incur costs for the approved activities. Your final work plan will be approved in GAP Online.

This letter does not constitute a grant award. In order to receive funding, the Enterprise Rancheria will need to complete an Application for Federal Assistance (SF-424). **The complete application, including an approvable work plan, must be submitted for EPA review by the due date indicated above.** Materials can be submitted earlier and will be processed on a first-come, first-served basis. Please note that in completing your application, you will need to enter the GAP Catalog of Federal Domestic Assistance Number (CFDA), required in box #11 on the SF-424A application form, 66.926.

New Process for Submitting Your GAP Grant Application

Effective February 17, 2015, EPA grant applicants **must** use Grants.gov to submit their applications. The Grants.gov registration process can take up to 30 days to complete. Therefore, it is highly recommended that EPA applicants complete their registration on Grants.gov now. Also, your organization's registration in SAM.gov must be active to utilize Grants.gov. If it appears that the grants.gov registration process may prevent you from submitting your application by the due date aforementioned, then please contact Support@grants.gov or call 1-800-518-4726 as support is available 24 hours a day and 7 days a week. You should also notify your Project Officer before the application due date to request an extension.

Please review both Attachment 2 (Grants.gov Instructions Guide) and Attachment 3 (Region 9 Guidance Information for Applicants) or go to <http://www.epa.gov/region9/funding/information.html> to find additional resources on Grants.gov, Federal Regulations, and new EPA requirements. We suggest you forward these materials to your Project Manager, Financial Officer and any other personnel in your organization requiring this information.

I look forward to working with you and your staff under the General Assistance Program. Questions regarding the completion of the application forms as well as the mandatory use of grants.gov should be referred to Danielle Carr, Grants Management Specialist, at (415) 972-3871. You can also contact your GAP Project Officer, Destinee Cooper, at (415) 972-3790 if you have questions regarding this letter, the work plan or the General Assistance Program.

Sincerely,

Laura M. Ebbert
Manager

GAP 2015-2016 Work plan Comments

Enterprise Rancheria

Thank you for developing an outcome-oriented work plan. The following observations and requests were written with the intent of strengthening the Tribe's GAP work plan, identifying possible assistance, and ensuring the work plan meets GAP guidelines. These comments pertain to the 2015-2016 work plan that was submitted with your GAP proposal in GAP Online in December 2014. Please ensure that these comments are addressed in your final GAP work plan in GAP Online.

General Definitions and References

1. The following references are useful for understanding GAP in general, for getting an understanding for environmental outcomes, etc.
 - 2013 Guidance on the Award and Management of General Assistance Program Agreements and Appendix I, Guidebook for Building Tribal Environmental Program Capacity
<http://www.epa.gov/region09/funding/pdfs/tribal-gap14/fy2014-r9-gap-guidance.pdf>
 - GAP Act (<http://www.epa.gov/Indian/pdfs/4368b.pdf>)
 - 2014 GAP Grant Notification (<http://www.epa.gov/region09/funding/tribal-gap.html>)
 - EPA Strategic Plan (<http://www.epa.gov/ocfo/plan/plan.htm>)
2. Environmental outcomes should be expressed in terms of improvements to public health, the environment, or human behavior. They can also reflect improved tribal capacity to protect public health or the environment. Intermediate outcomes could reflect: a) improved human health or environmental conditions, b) reduced risks to human health or the environment, c) increased tribal capabilities in legal, enforcement, technical, communication, or administrative areas. Long-term outcomes could include attainment of desired environmental conditions (e.g., water quality standards are met) or human health goals, attainment of a desired capacity to plan, develop, implement, manage and sustain tribal environmental programs.
3. Please ensure that the total work plan Estimated Component Costs add up to the total approved budget amount indicated in the cover letter, and that the total work plan Estimated Work Years adds up to the total number of approved personnel funded under GAP. I have attached a document entitled "Component Cost and Work Years Guidance" that will help you to correctly identify Component Costs and Work Years to comply with this request.
4. Greening Grants Policy: EPA Region 9 has adopted a Greening Grants Policy which encourages grantees to carry out their EPA grant funded projects in a greener way. Your Project Officer will work with you to determine whether it is feasible to incorporate green practices into your work plan. The Greening Grants Policy includes an attachment which describes many useful green practices. The policy furthers the objectives of EPA's 2011-15 Strategic Plan. The link to Greening Grant Policy is on the Region 9 Website Homepage, <http://www.epa.gov/region9/funding/greening-grants.html>
5. **Regarding Indirect Costs:**
For Fixed/Carry forward Tribal IDC rates:
 - EPA may allow IDC costs to be budgeted for grants when indirect costs rates have been approved within the preceding three fiscal years. When IDC rates are not current at the time of the grant award, a term and condition will be used to require the Tribe to notify EPA and refund any overfunded amounts.

BUDGET COMMENTS

Please amend the budget to reflect the \$123,600 currently set aside and the \$9,000 approved for salary increases. The budget's total should be \$132,600.

Please note that the 5% salary increase is tentatively approved pending additional clarification from the Tribe per email exchange between project officer and Tribal Administrator on 3/26/15.

The Rancheria requested \$8,000 in the travel budget. The Rancheria was approved for \$4,500. If additional travel funds are needed, please utilize the Owens Valley travel fund by contacting your project officer.

The Rancheria requested \$4,250 in supplies; \$2,000 was approved to match what was approved for FY15.

The Rancheria requested \$2,000 in equipment for GIS software and equipment updates. This request has been denied; the cost was approved in FY15 and should be removed from the FY16 budget.

The Rancheria requested \$2,000 for the annual clean-up day dumpster. This request has been denied as the Tribe does not have an approved ISWMP. Such a request will be reviewed in the future for approval once the Tribe's ISWMP has been approved by Tribal Council. Please remove this cost from the FY16 budget.

The Rancheria requested \$4,000 for truck insurance, registration and maintenance. These charges should be cost-shared across programs that utilize the truck. The Tribe has been approved for \$2,000 of these charges in FY16.

WORK PLAN COMMENTS

Throughout the work plan, Commitment End Dates are identified as 9/30/2016. Commitment End Dates should reflect the actual expected completion date of the Commitment, and should not all reflect the end of the grant year.

Component 2: Air Quality Liaison Program Development

2.1: Please also include the training certificates as part of the Outputs and Deliverables section.

Component 4: Travel and Training

4.1: Please clarify which trainings will be sought at RTOC meetings and/or provide a list of those attended at RTOC meetings as part of the Output and Deliverables section.

Component 6: Solid Waste and Recycling

The Region 9 GAP solicitation specifies that the development of an Integrated Solid Waste Management Plan (ISWMP) should be one of the first steps taken in program development. Our records show that the Tribe does not have an ISWMP, a crucial component to a healthy program. Prior to undertaking, or concurrent with activities proposed in this workplan, the Tribe should develop an ISWMP. If an ISWMP will be developed under this grant, deliverables must include a copy of the final document signed or approved by the Tribal Council. A critical first step in the creation of a sustainable waste management

program is the development of an ISWMP, which helps identify and organize waste management priorities for the Tribe. An ISWMP will also assist in determining the size and structure of a solid waste management program, as well as equipment and facility needs. The Region 9 Tribal Solid Waste Team is available to provide technical assistance and a comprehensive review during development of the ISWMP. The Team also has helpful ISWMP templates available by request and examples available online. It is strongly recommended that the Tribe submit a draft ISWMP to the Tribal Solid Waste Team for review and comment at least 2 months before final approval. During this review, the Tribal Solid Waste Team can work with the Tribe in developing an ISWMP that meets the Tribe's needs.

6.1: The clean-up day dumpster rental was not approved. Please update this commitment (and component) with other eligible, allocable, and necessary GAP activities or delete the component completely.

Component 8: GIS Program

The purchase of GIS software and equipment was not approved for FY16. Please amend this component accordingly as attending the GIS training remains an allowable activity.

8.1: For more information on GIS training offered by the BIA, please see the webpage:

http://www.bia.gov/WhatWeDo/ServiceOverview/Geospatial/index.htm#NGRC_GIS_TRAINING

Component Cost and Work Years Guidance

Applications must include estimated component cost and associated work years. At present, Tribes are providing estimated costs that do not, when added together, equal the total budget request and budgeted FTE supplied with the work plan.

Suggested instructions for Tribes:

Estimated Component Costs should, when added together, equal the total budgeted amount. Two suggested ways to arrive at numbers that are equal:

- 1) Evaluate the relative *percentage* of financial resources each work plan task will take, each task being some percentage of 100; multiply that percentage by the total budgeted cost to get the estimated cost per component.

	Component 1	Component 2	Component 3	Total Budget
Percentage of Total:	25%	45%	30%	100%
Cost:	\$ 29,319	\$ 52,774	\$ 35,183	\$ 117,275

- 2) Alternately, as an addendum to calculation of the Total Program Budget, add columns wherein the contribution of each component to the total budget is calculated, and total component budgets across budget categories, applying indirect costs if applicable, personnel costs, and fringe. This "estimate" leans more toward accurate budget numbers.

Category	TOTAL	Component 1	Component 2	Component 3
(FTE)	1.5	0.375	0.6	0.525
Personnel	\$ 55,000	\$ 13,750	\$ 22,000	\$ 19,250
Fringe	\$ 18,150	4,537.50	7,260.00	6,352.50
Supplies	\$ 5,000	500	4100	400
Travel	\$ 5,000	4200	800	0
Equipment	\$ -	0	0	0
Contractual	\$ 15,000	4000	8000	3000
Subtotal	\$ 98,150	\$ 26,988	\$ 42,160	\$ 29,003
Base for Indirect	\$ 83,150	\$ 22,988	\$ 34,160	\$ 26,003
Indirect	\$ 19,125	\$ 5,287	\$ 7,857	\$ 5,981
Total	\$ 117,275	\$ 32,275	\$ 50,017	\$ 34,983

Estimated Component work years should, when added together, equal the total budgeted FTE for the program. One work year is equal to 2,080 personnel hours. A work year is also known as a full time equivalent (FTE), since it is based on a full time job; 40 hours per week * 52 weeks per year = 2,080 hours per year.

Two suggested ways to arrive at numbers that are equal:

- 1) Evaluate the relative *percentage* of staffing resources each work plan component will require, each component being some percentage of 100; multiply the percentage for each component by the total requested FTE to arrive at the estimated FTE per component.

<i>staffing</i>	Component 1	Component 2	Component 3	Total Budget
Percentage of Total:	25%	40%	35%	100%
Cost:	0.38	0.60	0.53	1.50

- 2) Alternately, when calculating the budget in the detailed manner for the Estimated Component Cost, take the FTE applied to each component and use that value to represent the estimated component FTE.

EPA Region 9 - Grants.gov Instructions Guide

(March 2015)

Applications for Federal assistance must be submitted through Grants.gov.

Register with Grants.gov! In order to submit your application using Grants.gov, your organization must be registered with Grants.gov. Please allow four weeks to complete the registration process. Also, please note that you must have a DUNS number and an active SAM.gov registration before registering with Grants.gov. You can find more information about registering at:

<http://www.grants.gov/web/grants/applicants/organization-registration.html>

To Access and Download Grant Application Package go to:

<http://www.grants.gov/web/grants/applicants/download-application-package.html>

1. Funding Opportunity Number (FON).

- A. Competitive Programs: Refer to the competitive solicitation for the applicable FON. Applicant will enter this into the "Funding Opportunity Number" field to locate the application package.
- B. Non-Competitive Discretionary Programs: Obtain FON from your EPA Point of Contact (POC). Applicant will enter this into the "Funding Opportunity Number" field to locate the application package.
- C. Continuing Environmental Programs (CEPs): The list of available CFDA numbers for CEPs have been divided between two FONs. The two FONs used to access the application packages are **EPA-CEP-01** and **EPA-CEP-02**. Refer to the following Attachment to determine which FON your CFDA is published under. Applicant will enter this into the "Funding Opportunity Number" field to locate the packages.

The screenshot shows a web form with three input fields and a button. The first field is labeled 'CFDA Number:' with a small '(#)' to its right. The second field is labeled 'Funding Opportunity Number:' with a small '(C)' to its right; an arrow points to this field from the left. The third field is labeled 'Funding Opportunity Competition ID:' with a small '(C)' to its right. Below these fields is a button labeled 'Download Package'.

- 2. **Download the package** associated with CFDA 66.XXX.
- 3. **Complete the Grant Application Package.** Attach the forms and information required by your particular program. *Contact your EPA POC if you have questions about which forms and materials you must submit for your program.*
- 4. **Submit your application.** Go to <http://www.grants.gov/web/grants/applicants/apply-for-grants.html> for more information on this process.
- 5. **Confirm with your EPA POC** that EPA has received your application package. *If for ANY reason you cannot submit your application by the deadline specified, contact your EPA POC immediately.*

- **Omni-Circular under 2 CFR 200 & EPA Regulations under 2 CFR 1500:**

EPA has officially adopted the OMB Omni-Circular effective **December 26, 2014**. Specifically, in a **joint interim final rule** published in the Federal Register on December 19, 2014 (see 79 Fed. Reg. 76050-76063), EPA adopted the Omni-Circular. This includes adoption of Omni-Circular requirements located at **2 CFR 200** along with EPA-specific provisions mandated by statute, regulation or agency policy now codified under **2 CFR 1500**. OMB's website at **<https://cfo.gov/cofar/>** is the location for resources regarding the Omni-Circular, including **OMB's Frequently Asked Questions (FAQ)**.

- **Interim Financial Assistance Conflict of Interest Policy:**

In accordance with the Omni-Circular's Conflict of Interest disclosure requirements under **2 CFR 200.112**, EPA issued the **Interim Financial Assistance Conflict of Interest Policy**. Requirements include applicants providing a prominently titled conflict of interest disclosure statement attached to the SF 424, if applicable. This policy applies to all individuals and non-federal entities requesting and receiving EPA financial assistance on or after **December 26, 2014**. (Note: A standard EPA form is not currently available for the COI disclosure requirement since this is an interim policy.)

- **Submission of Grant Applications via Grants.gov:**

Effective **February 17, 2015**, EPA grant applicants must use **Grants.gov** to submit their applications. It is highly recommended that EPA applicants complete their registration on Grants.gov now, since the entire process can take up to 30 days to complete. Information located at **Submitting an Application to Grants.gov Apply** and **Applicant Resources** for Grants.gov will help you get started. Applicants are also encouraged to view a previously recorded **EPA Information Webinar** session/ presentation regarding Grants.gov or register for an available session.

Grants.gov support/assistance is available 24 hours a day 7 days a week at 1-800-518-4726 or **Support@grants.gov**. For International callers, call (606) 545-5035 to speak with a Grants.gov Contact Center representative. Also, the **Region 9 Application Checklist** will help ensure your EPA application submitted through Grants.gov is complete.

- **Bundling of Grant Application Certifications (for States & Tribes):**

State and Tribal applicants are highly encouraged to submit annually a single set ("bundling") of application certification forms with a cover letter. The letter must indicate the applicable timeframe (usually a federal or state fiscal year) of the certifications for all EPA grant applications received by Region 9 Grants Management Office (GMO) within that period. GMO accepts Adobe format (.pdf) of the letter with applicable signed certification(s) through the electronic mail box:

grantsregion9@epa.gov. Please note that updated forms must be submitted when changes to the responses are required. The following certifications can be bundled:

- ❖ Standard Form (SF) 424B, Assurances for Non-Construction Programs
- ❖ EPA Form 6600-06, Certification Regarding Lobbying, Certification for Contracts, Grants, Loans and Cooperative Agreements
- ❖ EPA Form 4700-4, Preaward Compliance Review Report for All Applicants Requesting EPA Financial Assistance

Applicants are highly encouraged to use bundling of their certifications if multiple EPA applications are submitted annually. Bundling can be especially helpful as EPA is transitioning to Grants.gov. Please contact your EPA Grants Specialist for questions regarding bundling.

EPA Application Forms:

<http://www.epa.gov/ogd/forms/forms.htm>

- **Changes to the Minority & Women Business Enterprise (M/WBE) Utilization Reporting Requirement:**

The EPA issued a revised class deviation from 40 CFR 33.502 on December 4, 2014, which supersedes the M/WBE reporting requirement specified in the recipient's Notice of Award. The EPA financial assistance recipients are now required to report annually when certain conditions are met to reach a threshold of \$150,000. Please review the current information from EPA's Small Business Programs.
